

7.3 INSTITUTIONAL DISTINCTIVENESS :

2016-17

The vision of the institute is to give man-making education where every student apart from classroom teaching is also imparted knowledge about the role of the individual in the society. The students are encouraged to help the society in distress in whatever way they can. They are also encouraged to study hard so that they can achieve the desired result. The student community are also encouraged to undertake various physical activities of their choice. The student community of this college get chance to serve the society through the NSS wing of the college. The priority of the institute is to make the student excel in their education. Also organizing various departmental seminars, awareness programme, debates etc is the part and parcel of this institute. The faculty staffs of this institute are encouraged to undertake various faculty development programmes to sharpen their knowledge for their personal benefit and that of students as well.
