

7.3 INSTITUTIONAL DISTINCTIVENESS

2017-18

The institute commenced with a humble beginning that followed a prosperous path and achieved a milestone of celebrating the Silver Jubilee - 50 years of its existence in 2000. The college offers various UG level course for both honours and pass subject. The performance of students in their examination is quite good in spite of the fact that majority of them have a rural background. The secret of their success is because of the remedial teaching which is undertaken to cater to the needs of the slow learners. Mentoring has also helped the students to get rid of academic and stress related problems. The vision of the institute is to make the student healthy physically and mentally. The priority of the institute is to make students understand their role in the society. Students and teaching fraternity regularly donate blood through various blood donation camps which are organised by the institute as well as other organisation. They also undertake cleaning drive of the college and areas around it. Plantation of tree is encouraged and tree plantation drives are regularly held.
