INSTITUTIONAL DISTINCTIVENESS

Details of the Performance of the Institution in One Area Distinctive to Its Vision, Priority and Thrust

Ramkrishna Mahavidyalaya is built with the thoughts and teachings of Saint Sri Ramakrishna Paramhansa and Sri Swami Vivekananda, who united everyone irrespective of caste and creed. Ramkrishna Mahavidyalaya ensures to follow the ideas of great Indian monk Swami Vivekananda. His concepts of education lead us to know, how to live a successful life with freedom of thoughts. By borrowing the concepts from Swamiji, the vision of this institution focuses on building mankind with freedom of thoughts; developing sustainable human society, personality development of students by adopting new technology of Science and Technology, imparting quality education and research oriented programmes. Faculties are encouraged to apply for research funds and funds for organizing seminars and awareness related programmes. Ramkrishna Mahavidyalaya always focuses on all-round development of its students. The Institution also focuses on programmes where students may learn about moral values and ethics to build a good character and individuals. College continuously encourages its students to enroll themselves in NSS and NCC units for 'Nation building'. NSS volunteers and NCC cadets engage themselves in regular activities, extension activities and out-reach programmes. These above mentioned aspects are performed by the institution on priority basis and considered as focal point which contributes in nation building. Along with that, college is also having Girls' hostel with near about 70 seats capacity, Women's hostel with 8 seats capacity and staff quarters.

ICT Infrastructure

The college has its own G-suite ids to run online teaching-learning process uninterrupted, student oriented and proactive. The faculties use PPTs, videos, e-materials, e-books and other study materials in e-format so that it may reach the students without delay. ICT tools and resources available in the college are Laptop, Computer, Projector, Projector screen, PA system, LCD Projector, WI-FI, LAN, Printer, Scanner, Audio-Visual Equipments, 300 MBPS FTTH LAN connections from BSNL, Smart board etc.

Library

The college also has a library with a collection of numerous books which are well- organized and properly maintained. It helps the students to avail their necessary books and ensures that every student can make a good use of the library reading room. The college library is Wi-Fi enabled for all staffs and students so that they can access e-resources with the help of teachers. The faculties also share the website links for various academic videos, e-shoudhganga, free e-journals etc. for the betterment of students by using ICT tools to upgrade the learning experience of students in easy way. The faculties have e-content and case studies developed by themselves which they share with the students and staffs for easy understanding.

Laboratory

To provide excellent academic knowledge to the students and also perform research oriented works, the college gives priority in catering the better infrastructural facilities. The college has well established laboratories for different subjects like Physics, Chemistry, Mathematics, Zoology, Botany, Human Physiology and Geography. The computer lab is open for everyone to do their works like learning C programming by Mathematics department students, preparation of assignments, project paper etc.

Gymnasium & Playground

The Department of Physical Education comprising of its faculty and staff looks after the timely utilization of Gym center and its maintenance with the help of Games and Sports committee. The faculties and students utilize the Gym equipments regularly to make themselves fit and sound. The college has its own playground just backside of the college where students do practice and play games and also even for other purposes.

Teaching-Learning Process

Teachers of various subjects adopt student centric methodologies in teaching by putting focus on their level of understanding. The centre of teaching is on application based methodology and real life examples as per the course designed by Tripura University. Besides teaching, faculties also uses classroom interaction, group discussion, individual and group assignments, organizing departmental seminars, quiz, field study and individual project work activities. The college also put emphasis on universal learning outcomes such as communication skills, problem solving techniques, critical thinking, reasoning, life skills, creativity and innovative ideas along with human values. Students are continuously encouraged to develop these skills through participatory learning methods by means of group discussion, departmental seminars, event management, and co-curriculum and extra-curriculum activities.

Cultural Activities

The college strongly believes in co-curricular activities so that students can grow in all areas while keeping up with the modern educational system. As a result, this institution has a Cultural Committee that oversees the various cultural activities to be performed starting from Republic Day, College Foundation Day, Fresher's Welcome, Teachers' Day, Saraswati Puja, Kokborok Day, publication of college e-magazine, celebrating national and international commemorative events on campus etc. Few departments maintain a wall magazine in which students contribute their writings and paintings, which highlight their hidden talents and also motivates and inspires them for an all round development.

NCC & NSS

The college has NCC unit for both girls and boys. The intake capacity of NCC girls' wing and boys' wing is more than 100 cadets. The college NCC is engaged in various regional and national camps and other related extension activities for the society. The college has NSS unit having intake capacity of 100. The NSS unit is engaged in various awareness programme in the college as well as outside of the campus. The NSS volunteers and NCC cadets are the forerunner in donating blood to the patients who are in need in collaboration with 'Blood Donation Cell'.

Distance study Centre

The college has Distance Education centre under Directorate of Distance Education, Tripura University (A Central University) and IGNOU study centre for those who are in difficulties to carry out their study in regular mode. A Prisoner from Kailashahar jail successfully passed his graduation from this distance education centre.
